## ABOUT ME

Front End Developer and UI Designer skilled in creating engaging and responsive web interfaces. Proficient with HTML, CSS, JavaScript, React.js etc. with design sensibility expertise in Figma. Proven ability to collaborate effectively in cross-functional teams to deliver high-quality projects. Seeking to contribute technical skills and design creativity to a dynamic development team.

## EXPERIENCE

2023 - Present

### FRONT END DEVELOPER & UI DESIGNER

Bridgeon Solution LLP, Calicut, Kerala

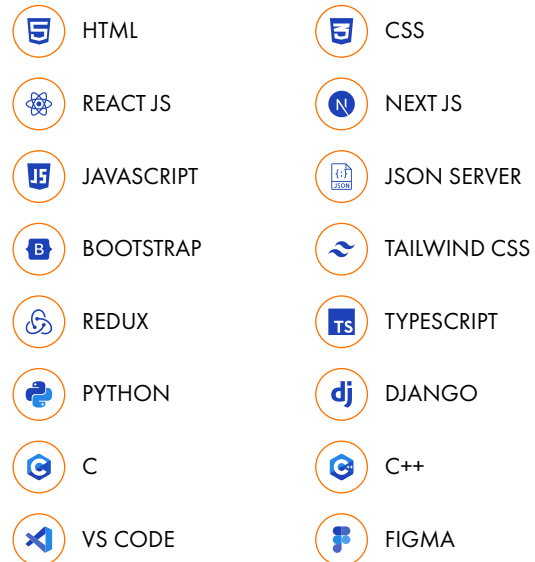

- As a Front-end Developer at Bridgeon Solution LLP, I spearheaded the development and maintenance of user interfaces for web applications using React.js, HTML, CSS, JavaScript etc.
- Collaborating closely with cross-functional teams, I ensured seamless integration of front-end components, resulting in a 20% improvement in page load times and enhanced user engagement.
- Proficiency in Git allowed me to streamline code management processes, leading to a 30% reduction in deployment times and ensuring codebase consistency across projects.
- My optimization efforts resulted in a 25% increase in website conversion rates, driving significant business success and boosting revenue generation.
- Actively participating in team meetings and staying abreast of emerging technologies, I cultivated a collaborative and innovative work environment, contributing to a 15% increase in the team productivity and fostering a culture of continuous improvement and professional growth.

### MAJOR PROJECT

E - Commerce Application

- Crafted a specialized e-commerce platform catering to baby products, showcasing proficiency in front-end development.
- Utilized React.js to establish a dynamic and interactive user interface, enriching the overall user experience.
- Applied responsive design techniques using CSS and Bootstrap, ensuring seamless usability across various devices.
- Incorporated registration and login functionalities to personalize user experiences and ensure secure access to accounts.
- Engineered & implemented robust cart functionality, empowering users to effortlessly manage and purchase baby products.
- Established an admin side for efficient management of products, orders, & user accounts, contributing to streamlined site operations.
